

Saviynt External Identity Management (EIM) Level 100 Training

Training Datasheet

Authored by: Saviynt University

Learning Path Overview

Saviynt EIM Level 100 training provides a thorough understanding of External Identity Management (EIM), from basic to advanced concepts. This hands-on training focuses on efficiently onboarding and managing your workforce. You will grasp organizational structures, user onboarding, delegated administration, access governance, and campaign management, ensuring a deeper understanding of Saviynt EIM capabilities. This learning path equips you with the knowledge and skills to implement simple and complex use cases, ensuring you can effectively manage third-party identities within your organization. This training is built on the latest version of the Saviynt Identity Cloud.

Learning Path Duration

- 8 hours of learning content
- 30% lecture, 30% demo, and 40% hands-on lab

Target Audience

- IDM Consultants
- IDM Managers

Delivery Methods

- Self-paced

Lab Environment

- Hands-on labs are included as part of this training

Prerequisites

- Saviynt IGA Level 100 training or equivalent knowledge and administration experience with Saviynt products and features.
